

## MHRC HOY 2025 – Memphis

### **Our 2025 winner - Memphis and Addie Carter.**

Memphis is a 5-year-old part bred TGCA cob who Addie Carter bred herself, she is very proud of him and that is quite understandable. When Memphis was born the vets thought he had a cleft palate as milk kept pouring down his nose. Addie was advised to put him down but decided to give him a chance which was a wise choice as it turned out he was just greedy, and his mum had a lot of milk and there was nothing wrong with him.

Addie has shown him very successfully locally and at MRC shows and last year he passed his TGCA evaluations at the MRC TGCA show at Thorney. This meant he could go to TOYS 2025 (traditional of the year show), where he was extremely successful and won numerous awards.

Addie started to ride him and he has competed in a few novice classes and clinics. He is going this year to the CHAPS grading and we all wish they both a lot of luck. If he can past the stringent vetting, performance and grading panel this will enable him to compete in

HOYS classes and to enter affiliated CHAPS classes.

Memphis won the Pat Starr Performance awards at our AGM this year and has already been talent spotted for the TSR championships. It's so good to see one of our club ponies doing so well and we all wish Addie & Memphis a lot of luck for the coming season.
